Post-Secondary Options

4-Year College/University

- Typically have more stringent admission requirements than other post-secondary options
 - Factors for college admission consideration:
Rigor of classes, final grades/GPA, test scores (SAT/ACT), extracurricular activities, essays, letters of recommendation, demonstrated interest
 - On average, it takes a student four years to complete after matriculation from high school
 - Best to build a college list, with recommendations to include 1-2 “reach schools”, 2-3 “match schools” and at least 1 “safety school”.
 - Reach: Your academic credentials *fall below* the school’s middle 50% range for the freshman class
 - Match: Your academic credentials *fall within or perhaps slightly exceed* the school’s middle 50% range for the freshman class
 - Safety: Your academic credentials *exceed* the school’s middle 50% range for the freshman class, nearly guaranteeing admission
 - Check the school’s admission requirements by visiting the school’s website, as requirements vary from school to school and year to year
-

4-Year College/University

- SAT/ACT test scores are usually required, with explicit score minimums
 - The University System of Georgia (USG) will continue its temporary waiver of test score requirements meaning no test scores will be required for admission at 23 of USG's 26 public colleges and universities during the Academic Year 2025-2026 (Fall 2025, Spring 2026 and Summer 2026).
 - The temporary test waiver **does not** apply to the **Georgia Tech., UGA, and Georgia College & State University.**
 - Test-optional: Colleges/universities can use the student's grade point average on the required high school curriculum without a standardized test score at the following minimum grade point averages (GPA):
 - 3.4 GPA for research universities
 - 3.2 GPA for comprehensive universities
 - 3.0 GPA for state universities
 - Test scores will continue to be required to apply for Zell Miller scholarships in accordance with state of Georgia requirements.
-

2-year College/Technical College & Trade School

- Proof of high school graduation/GED is required – providing your final high school transcript will satisfy this. Follow the transcript request process to accomplish this.
 - SAT/ACT exams are accepted, however the Accuplacer is accepted and often offered directly from the school.
 - Less expensive than taking the SAT/ACT and serves as a placement exam vs. admissions exam.
 - Programs are typically career focused and completed in 2-years or less
 - Trains students for a specific job in a career field, immediately ready to work
 - Technical/Trade careers can include ones related to: *Aviation, Criminal Justice, Welding, Cosmetology, Carpentry, Drafting, Automotive Technician, Medical & Dental Assisting, Graphic Design, HVAC Technician, Electrician, Paralegal, Early Childhood Care, Horticulture, Accounting, Cybersecurity & Networking, Film & Video Production, EMT/AEMT (Paramedic), Supply Chain Management, and more!*
-

Military/Armed Forces

- The five branches are: **Air Force, Army, Coast Guard, Marine Corps, Navy**
 - Reserve & National Guard are various options within
 - Every branch of the military sets its own standards for enlisting, so learn about the specific requirements for each, i.e.:
 - Citizenship & Residency
 - Age limits
 - Education: *You must have a high school or general equivalency diploma (GED); must have a degree from a four-year college to join as an officer*
 - Testing Requirements: *Armed Services Vocational Aptitude Battery (ASVAB)*
 - Physical & Medical Requirements
 - In general: (1) Make contact with a branch recruiter, (2) take the ASVAB, (3) graduate, and (4) request your final high school transcript
 - Additional information can be found online at: <https://www.usa.gov/military-requirements>
-

Workforce/Apprenticeship

- **On-the-job short-term or long-term training** is provided by an employer at the beginning of a new job.
 - Training can last 1 - 5 years, **often paid**.
 - The completion of an apprenticeship is generally associated with skilled labor.
 - These kinds of programs **can lead to secure and well-paying jobs without the need for any college expenses**.

- Just because a school is not on the Common App, does not mean that they do not accept the transmission of important documents, like letters of recommendation and official transcripts, through Naviance.
 - Be sure to indicate “Direct to Institution” for these non-Common App schools.
- This is also where you will request Teacher Letters of Recommendation.

Letters of Recommendation

- Allow **at least 3-4 school weeks** for your teachers to complete their recommendation portion of your application!
- Students “invite” their teachers to upload and send letters of recommendation in two steps:
 - (1) Provide your teachers with a copy of your senior brag sheet/academic resume *(if not already completed in Naviance)* to include a list of colleges/universities to which you are asking the teacher to write.

(2) Add the request under your “Colleges I’m Applying To” tab from Naviance.

- **IMPORTANT: ASSIGN YOUR TEACHERS TO INDIVIDUAL SCHOOLS – NOT “All Applications”.**
-If the school does not require a teacher letter of recommendation, they do not use it in the admissions process.
DO NOT ASK YOUR TEACHER FOR ONE IF THIS IS THE CASE!

- It is the student’s responsibility to research/know which schools require a letter of recommendation.
-

College Basics

Understanding Application Types

- **Early Decision I & II (Binding)** – Cannot apply early decision to other colleges, but can apply regular decision. If accepted for early decision, must attend.
 - **Early Action (Non-Binding)** – Can apply early to other colleges and can apply regular decision. Will receive admission decision before regular decision deadlines.
 - **Rolling Admission** – Open admission, decisions given throughout the year as applicants are received and until limit set by institution met.
 - **Regular Decision** – Standard deadline date established by the institution, with no priority or early
 - **Priority Deadline** – Similar to rolling admissions, but priority consideration around financial aid, housing, etc. is typically offered to these applicants
-

6 Steps to the College Process

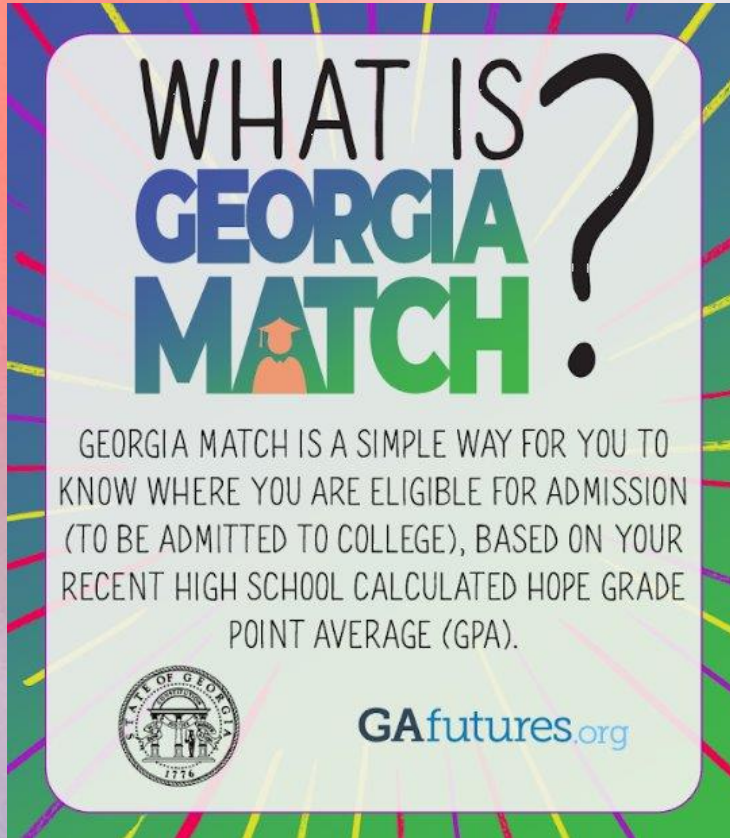

1. *Determine what college(s) you're applying to & know their deadline(s)
2. Determine the application type(s) – i.e., *Common App, Common Black College App, Direct to Institution*
3. Complete your online profile/submit your application(s)
4. Pay application fee(s)
5. Send your test scores directly from the sites (Collegeboard/ACT) – this cannot be done by HS!
6. Use Naviance – our “delivery system” – to: (1) Send your official transcript and/or (2) Obtain teacher letter of recommendations

Remember – as the student/applicant, be sure to track your admissions status directly from the institutions' websites.

***It is highly recommended that you take college campus tours!**

Most (if not all) are free of charge and can easily be scheduled online directly from the college/university's websites.
